THIAGO ARTUR SCHUMANN

SOFTWARE ENGINEER

PROFESSIONAL RESUME

Software Engineer graduated from the State University of Santa Catarina with over ten years of experience in the technology sector. Seeking new opportunities for development in various technologies, aiming to leverage my extensive background to contribute to innovative projects.

PROFESSIONAL HISTORY

Senior Software Developer

Senior Sistemas, Brazil (June 2022 - Present)

- Playing a key role in the development and maintenance of high-availability ERP systems for the construction industry, focusing on performance and availability enhancements.
- Involved in the integration of systems, contributing to the improvement of system functionality and interoperability.
- Working in collaboration with UX, Quality, and Product Owners to ensure the alignment of software development with business strategies.

Tech Lead

Singular Sistemas, Brazil (May 2021 - May 2022)

- As the dev tech lead serving over 800 companies, I spearheaded innovation and strategic direction, ensuring high-quality, on-time project delivery.
- Delegated tasks efficiently, fostering a culture of continuous improvement and excellence within the team.
- Pursued the best development practices for process optimization, significantly enhancing team performance and product quality.
- Enhanced technical knowledge in Delphi, SQL, Python, and Django, contributing to advanced ERP solutions.

Mid-Senior Software Developer

Singular Sistemas, Brazil (October 2017 - May 2021)

- Worked with the design, programming, and testing of software functionalities, tailoring solutions to meet the unique requirements of each company.
- Responsible for diagnosing and resolving bugs, as well as implementing optimizations, to bolster system stability and performance. These efforts supported an integrated and effective approach to managing business processes.

ERP Support and Solutions Analyst

Singular Sistemas, Brazil (June 2014 - October 2017)

- Expertise in end-user service by providing specialized support, clarifying doubts, and offering guidance. Played a pivotal role in coordinating and directing priority activities for the development team, aiming to enhance satisfaction and efficiency in problem resolution.
